CHILDREN'S CORNER

Hello Eaglets! Here I come for the first time. Please let me in out of the cold. You say sit down? Well, I will, but I have just a moment to stay as I am busy today helping mamma. I am a great big girl five feet tall and weigh 133 pounds. Guess my age. All the rest write, too. The Eagle is one of our greatest joys; in fact, I hardly see how the week could pass away without it. As this is the first time I have trespassed on your space and expecting to come again, I will close. Good-bye little ladies, good-bye gentlemen!

Your friend,
Calla Stallard.
Colly, Ky.

Dear Little Eagles: A great number of you have been writing letters so I thought I would write one too. I am eleven years old and attended school regularly while it lasted. Our school closed about a month ago and I was sorry of it. I studied spelling, reading, writing and arithmetic and I got 62 head-marks. I am sure all boy and girls should try to get an education.

So I will close and come again. Ida Stallard.
Colly, Ky.

(That was a good letter, Ida. Every word in it was spelled correctly, something that older people don't sometimes do.—Ed.)

Dear Eaglets,
I will write for the first time to our valuable paper, seeing that the rest of the children are writing. We take the Eagle and all enjoy it. I go to school and am in the third and fourth grades. I think everyone should have as much education as they can manage to get. It takes study to do well in school. Will make my letter short and write more next time.

Your friend,
Tessie May Hogg.
Kind Editor,

The dear old Eagle has just come again and as usual I must

read it first. I have turned it over to sister while I write you. I have five sisters and one brother. I am 11 years old and enjoy reading the little letters so much. I wish all the children would write. As this is my first letter will make it short. Thanking the editor for the pains he takes in printing our letters and wishing the Eagle plenty of success, I beg to remain,

Your friend,
Mary Belle Stallard.

Washington's Plague Spots

lie in the low, marshy bottoms of the Potomac, the breeding ground of malarial germs. These germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malarial troubles. "They are the best all round tonic and cure for malaria I ever used," writes R. M. James, of Louellen, S.C. They cure stomach liver, kidney and blood troubles and will prevent typhoid. Try them, 50c. Guaranteed by Whitesburg drugstore.

Dr. J. T. Walker

Dr. J. T. Walker, the well known Eastern Kentucky dentist, will be in Whitesburg during the two weeks of Circuit Court practicing his profession and will be glad to have his friends call on him for any work they may need.

OUR NEW PRESIDENT

WILLIAM HOWARD TAFT.

BLAIR TRIAL

The trial of Joseph A. Blair for the killing of a man named Kern near Apache, Oklahoma, about two months ago, was held at Anadarko and resulted in a verdict for manslaughter. The trial judge under the law fixes the penalty after the jury reports on a verdict. In Oklahoma under the law a man can be tried for murder and manslaughter in the first and second degrees. The jury in this case found Blair guilty of manslaughter in the first degree and the Judge sentenced him from four to twenty years in the penitentiary. On the inside we hope to give the decision of the trial judge.

Dongola Squibs

Miss Nancy Day is quite ill at present.
W. B. Day was in town to see the Eagle.
Joseph Day has just returned from Pikeville.
Debating is progressing nicely on Big Cowan.
Hiram Fields lost a fine milch cow recently.
Patrick Day and wife visited W. H. Day recently.
Floyd Banks has his water mill up ready for grinding.

Doings Up At The Capital

NEW CABINET.
Following is President Taft's official family:
Secretary of State—Philander C. Knox, Pennsylvania.
Secretary of the Treasury—Franklin MacVeagh, Illinois.
Secretary of War—Jacob M. Dickinson, Tennessee.
Attorney General—George W. Wickersham, New York.
Postmaster General—Frank H. Hitchcock, Massachusetts.
Secretary of Navy—Geo. Von L. Meyer, Washington.
Secretary of Interior—Richard A. Ballinger, Washington.
Secretary of Agriculture—Jas. Wilson, Iowa.
Secretary of Commerce and Labor—Charles Nagel, Missouri.
It is proclaimed in big headlines from Washington that Mr. Taft will carry out the policies of Mr. Roosevelt in toto. A conservative revision of the tariff is highly probable.

The sixtieth session of United States Congress closed on the dawn of March 4. President Taft has already called an extra session of the sixty-first Congress to meet March 15.

The closing few days of Congress saw the President's salary raised to \$75,000. This with the present \$25,000 allowed him for current expenses makes the salary of the President \$100,000. It is said that Mr. Taft will get the benefit of this raise.

INDIAN BOTTOM

George Hogg has been here buying stock.
Little Polly Ann Stamper is low with pneumonia.
The twin boy of J. D. Dixon lived only one day. The mother is poorly.
Squire Watts and son, from Knott, visited their relatives on Linefork.
Among the primary candidates we are glad to be able to say to the voters that we know Henry Dixon to be a worthy man for the office of Superintendent of Schools; that he is a self made man, and knows what it is to wear homespun clothes and brogan shoes. He has been teaching in our free schools about 16 years and done his duty without fear or favor, ready at all times to aid in the uplifting of education, and if elected to this office will discharge the duties in a manner pleasing to all. Hope the good people will give Mr. Dixon their support, as he is deserving.

Not Anxious

An old Kansas citizen, who had been hen-pecked all his life, was about to die. His wife felt it her duty to offer him such consolation as she might, and said, "John, you are about to go, but I will follow you." "I suppose so, Mandy," said the old man, weakly, "but so far as I am concerned you don't need to be in any blamed hurry about it."

TEXAS MAN FOR BRYANT BENTLEY

Big Springs, Tex.
Feb. 26th, '09
Editor Mountain Eagle,
Whitesburg, Ky.

Dear Sir:—Across the plain of Texas and through the medium of your valuable paper comes the information that one of the best friends Letcher county ever had is again a candidate for a very important office, that of County Court Clerk. The gentleman asking for that office once served the people there eight or twelve years and I happen to know something about affairs during that time. What he done with the money he earned during all that time is pretty well known. It was gratuitously fed out on his own table and that too, to his neighbors and friends. No one ever went to him for an accommodation that he didn't get it if it was in his power to grant it. The widow, the orphan and the poor always found a welcome at his home. I know whereof I speak for I was one of that number. This man has had his misfor-

tunes; they appealed to the people before and they will again. Is he honest? No one doubts it. Is he accommodating? Yes to a fault. Is he qualified? From every honest heart in Letcher county swells the answer, "he is!" What more, rugged tillers of the soil, do you want? Is his politics right? Did his politics interfere with his work before? I never heard of it and I guess no other man did.

Now, I shall wait and watch for the Mountain Eagle to bring to me the information that on April 16th, of this year of our Lord the Hon. R. B. Bentley has been nominated and in November gloriously elected and that too by the people whom he has so faithfully served. With an ardent love and an unbroken faith in the people of my native county and believing that they will do right tho' the heavens fall, I beg to subscribe myself,

Very Respectfully,
PESS WHITTAKER.

GEORGE W. VENTERS WRITES

Former Letcherite Sends in Good Letter from Sunny Tennessee.

Editor Eagle, Whitesburg, Ky.

Dear Sir: As a reader of your paper I wish to say that among all the publications we take none are so interesting as the Eagle. If it comes at meal time I must see the head-lines dinner or no dinner. The Courier-Journal used to be my second "bible" but your paper has far outstretched it and today stands pre-eminent above all others. I notice you are going to get out an Industrial Edition and if ever the people of Letcher county should do their best this is the time, as this will make an epoch in the history of the county heretofore untold. If the owners of property in Letcher county want to interest the outside world or rather capital they must get their products or property before it, and this is a golden opportunity. The editor has shown his worth by his paper which I regard as the best I ever saw. You see a paper is worth to me just the amount of energy, thought and brains displayed on the editorial page and the Courier-Journal or Nashville American could not have beaten his say on the "Trial Jury" subject in last issue. To me it always a letter from home and I shall always feel proud of the success of the Mountain Eagle, to my notion, the best paper on earth.

Respectfully,
GEO. W. VENTERS.

CHANGE THE DATE

We don't usually protest against anything that is law, in fact, it would do no good to kick, but there is one thing among the many that we might mention that we desire to speak about at this particular time. It is the custom or law of inaugurating Presidents on March 4. Why, at this particular season of the year no one but rich folks can go and when they do it is doubtful whether they enjoy themselves or not. Think about it, up at Washington a few days ago it was so cold that the great speech which Mr. Taft pumped from his lungs was frozen stiff ere it could be gotten onto the telegraph wires. And when it did begin to fly along it reached its destination in great big lumps and had to be thawed out before it could be used, thus forcing the agonizing public to wait several hours before reading it. And, again, the cold, boisterous month of March is the wrong season of the year for that exhilarating enthusiasm that is required on such occasions. Then, again, it is death on political aspirations. Many a poor fellow, no doubt, went to Washington last Thursday and went back home with his political ambition teetotally frozen in the bud, or so near to it that it will never germinate. In the month of May, the birds begin to twitter on the limb and sail on the wing, the flowers send forth their fragrance, and mankind is drunk on stimulants other than that that flows from the "still" and it appears to us that this would be the time above all others for inaugurations. Why, then any of us could don our summer "duds" and sail to the Capital and take a peep at the great luminary and the nine-stars and the rest of the constellations that float in and 'round and over the White House. In short, we stand ready to wage war to the hilt that the change may come.

In our school days we used to hear considerable of the late Bishop Potter, at that time famous as a minister. Besides being well known as a preacher he was also something of a wit. A few days ago, we heard a remark from one of our friends that reminded us very forcibly of an incident which we heard related of Bishop Potter. That incident was like this: A very

ambitious young man who had been studying for the ministry was called on one Sabbath morning to preach in Mr. Potter's church and that, too, in the presence of the noted preacher. The young man was a great admirer of the late Dr. Talmage and on this occasion let himself loose in this eminent preacher's style. His vain, Ciceronian like effort literally shook the rafters of the great church while the sweat poured in streams down his earnest face. The Bishop sat cool and quiet through the service. After it was over he drove home with the bishop, of course anxious for an expression from him as to his opinions on his efforts. Nothing was said. At the dinner table the young man began to fish for compliments. The old bishop, stern as could be, looked up and said, "My dear young friend, never mistake, in the pulpit, perspiration for inspiration."

While the treasury deficit leaped higher the late Congress went merrily on appropriating money at a rate that seems to us astounding. Two hundred and thirty-four million dollars were appropriated for the postoffice department in two hours and forty-five minutes, an expenditure of over a million and a half a minute. The last days of the session saw appropriations made that were equally as great. They seem to have done nothing but appropriate and kick against the administration. Too often Congress has the appearance of a lot of school boys, exalting into the highest prominence matters which are of no concern to the country and neglecting the weightier business of their office in a most irresponsible way. Verily, it seems to us the heart of the nation is rotting at the core.

Resolutions

The Letcher County Republican Committee, confidently believing in the broad principles of our Party and in the fair, honest, intelligent administration of public affairs and also believing in the motto, "United we stand, divided we fall," look with deep regret and grave concern on the policy of some of our best citizens and "old time Republicans" in their persistent determination to run for office Independent and by so doing "dividing us against ourselves," thus playing into the hands of the Democrats who have repeatedly shown themselves only too willing to make our suffrage ineffective gerry-mandering the state contrary to law and the Constitution and many other ways.

Therefore, be it resolved by the Letcher County Republican Committee in open meeting assembled, by its unanimous vote, that we earnestly and heartily invite and request each and every Republican who desires to be elected to an office at the coming November Election to enter the primary election of April 16 and submit their claims to the Republicans who affiliate in same and hereby pledge our honor that each candidate shall have a square deal so far as it is in our power to give you such primary election.

Browning's Tonic Laxative Tablets and Antiseptic Healing Balm, the two medicines sold here in Whitesburg on the streets during Circuit Court, are now for sale at Whitesburg Drug Store. Many of the leading citizens of this county have been and are being cured by the wonderful medicines, in fact no medicine ever introduced in Whitesburg has ever given such amazing results for stomach, liver and kidney troubles. They are sold by Whitesburg Drug Store under a positive guarantee to cure rheumatism, biliousness, constipation, scrofula, nervous affection, dyspepsia, all blood diseases, catarrh, neuralgia, kidney and liver, female complaint, indigestion, sick headache, skin diseases, pimples, coated tongues, tired feeling, poor appetite, dizziness and diseases that arise from impure blood. A 30 days' treatment only costs you 25c. Call at once and get a treatment.

Candidate Cards at low prices.

Final Settlement

We call the attention of our readers to the full and final settlement made with Sheriff Crawford and accepted by the Fiscal Court. The report shows where every cent of the money paid by the taxpayers of the county for the year 1908 went and it is your duty to study it carefully. In going over it notice that our "caps" were exhausted at the start and "lower case" letters had to be used. Don't get offended if your name is printed in small type for it is no indication that you are a small man if such is the case.

Sheriff's Sale for Taxes

On Free List--?

The recent agitation and prospect for lumber to be placed on the "free list" has caused timber branders to cease operations in this county and will result in much loss to logging men, thus greatly curtailing our finances. It is possible, however, that there is another "nigger in the woodpile" outside of the prospect of taking off the tariff that hinders the branders.

Notice of Application for Pardon

Notice is hereby given that Joseph Davidson, who was convicted of murder in the Letcher Circuit Court at its September term 1907, will on the second Monday in March, 1909, ask the Governor for a pardon, and all who object will notify the Governor in writing and state in writing any objection they may have.
